

Yuan Ze University Chemical Engineering & Materials Science Department
International Student Scholarship Launching Measure

Passed at the 7th Department Faculty Meeting of 2004 dated Feb.22, 2006

Article 1 Objective

The scholarship is intended to assist international students to successfully complete their studies at the department.

Article 2 Eligible applicants

Undergraduate and graduate students who are validly enrolled at the school's chemical engineering and materials science department

Article 3 Amount and quota of the scholarship

The quota and amount are to be discussed and determined by the department scholarship committee in accordance with the availability of funds.

Article 4 Application period

Applications are to be filed one month after each semester starts. Those who have encountered unforeseeable hindrance to prevent them from continuing to complete their studies may file an application at any time.

Article 5 Application criteria:

Applicants are required to hold a satisfactory grade point average in academic study, and a disciplinary grade point average exceeding 80 points, complete with a tangible description of the reasons for the application.

Article 6 Review procedure

The applicant is to file an application with the department chair. The department scholarship committee review as per the said relevant stipulations before the results are announced publicly.

Article 7 Issuing namesake

To encourage donations by generous donors, the scholarship may be issued in the name of the donor, or in a name a donor requests.

Article 8

The measure herein will come into effect after approval by the Department Faculty Meeting. Amendments to the Measure shall follow the same procedure.
